

Meet Our Newly Organized Inside Sales Team

Mitsubishi Chemical Group (MCG) is making changes to serve you better. As we prepare for the retirement of National Inside Sales Manager Jeff Mikitka in 2025, we're strengthening our inside sales team to ensure faster response times, better accuracy, and improved availability within the supply chain.

What's New?

Incoming leadership.

Eric Hansen has joined MCG to lead the inside sales team. With 15 years of customer service experience, primarily in the medical device industry, he brings deep understanding of customer needs.

Regional support. To better serve you, we've restructured our team into three regional groups, each with specialized roles like Regional Supervisor, Key Account Representative, and Senior Inside Sales.

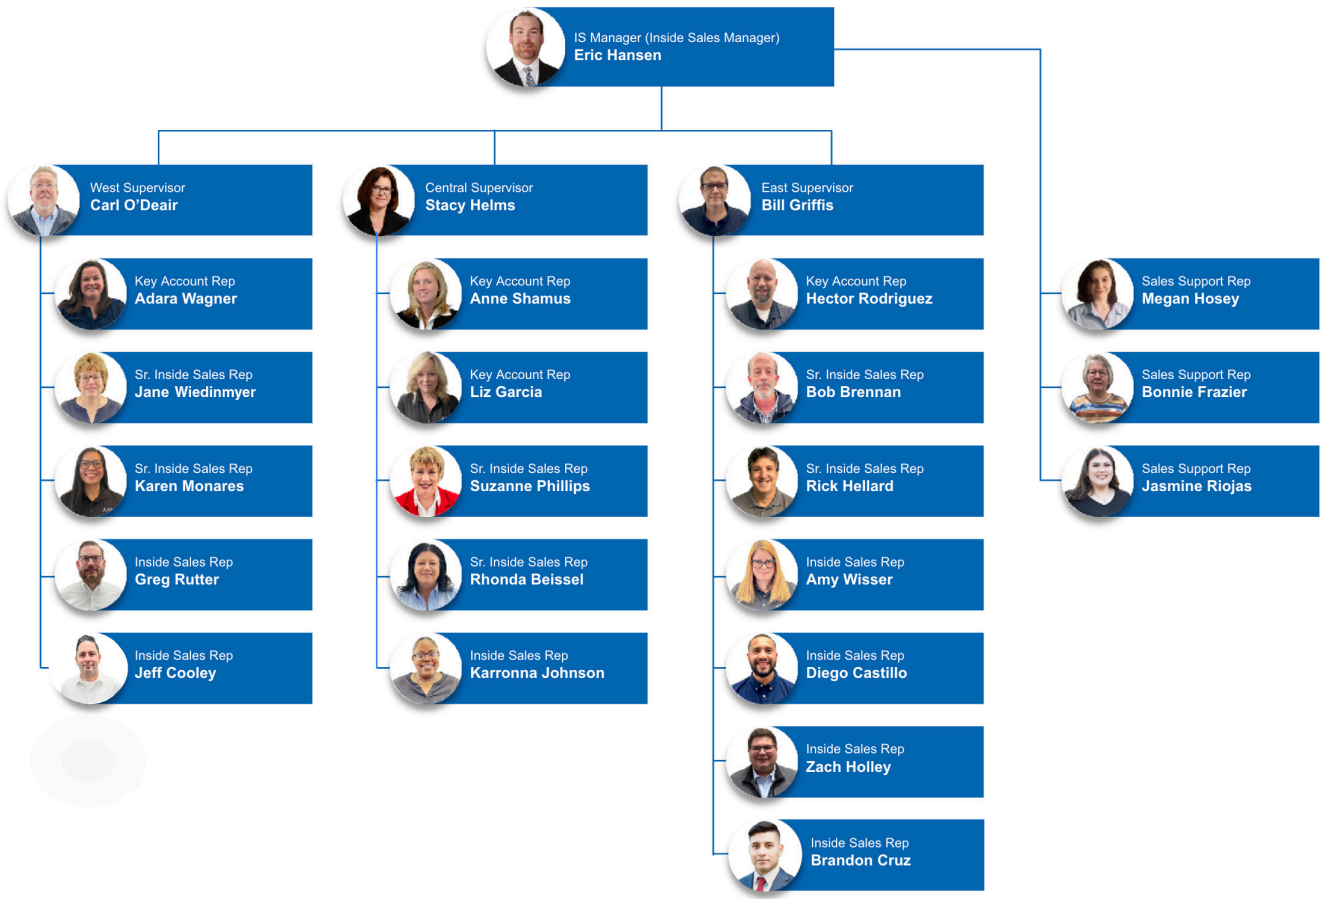

Faster digital transactions. By keeping contracts up to date and streamlining processes, we're making it easier for you to do business.
